Remember When: Pharmacy Soda Fountains

Remember when the local drugstore had stools and a soda fountain? Pharmacists often dispensed soda in the mid-1800s, but the drinks were meant to be more medicine than refreshment to treat ailments like headaches and indigestion. Pharmacists invented their own recipes, including the original concoctions for Coca-Cola, Pepsi and Dr. Pepper. Customers flocked to the local soda fountain for their favorite fizzy drinks and desserts like floats and milkshakes, and soda fountains even served as substitutes to the local watering hole during Prohibition.

Summer's Perfect Snack

Nothing says summer like a sweet slice of juicy watermelon. Perfect for picnics or poolside snacking, watermelon is a summertime star. Enjoy it chilled, cubed or straight off the rind.

Be Like a Bee

It's important to drink enough water to stay hydrated in the summer heat. To help increase your intake, add flavor and sweetness to your water with a teaspoon of honey and even a little lemon.
